# Crafty Community

Spring 2026 Transfer Community Proposal

For a Spring Transfer Community, I would like to host a Crafty Community based on different arts & crafts events and experiences. This would allow students a chance to relax, bond together, try something new, connect with other campus organizations, and activate the creative part of their brain. These will likely happen on Wednesday afternoons/early evening, as this seems to be the time most people are available, but can be adjusted based on campus partners.

Event 1: Partner with Union Arts Center

- I will reach out to the UAC to see what their Spring calendar looks like and find an event that works well with everyone's schedule and their interests.
- This is a completely free opportunity for students and highlights a great campus initiative.

Event 2: OTP-Hosted Craft Event

- An initial survey sent out to my students has put out these as the top three requests: Scrapbooking/collage, Diamond painting/bedazzling, Friendship bracelet/beading
- Cost: We would need to book a room as well as provide materials.
    a. Diamond painting kits can go for around $20 for a pack of 15 on Amazon. This might need additional glue or pens for around $10.
    b. Large friendship bracelet kits can go for around $20 on Amazon.
    c. Collage kits for a large group can go for around $30.
    d. All of these options should be able to easily be inexpensive, and when given approval and with more input/knowledge, I can decide which direction to go and provide a more detailed cost breakdown.
    e. All participants will also be encouraged to bring their own supplies if they have something they would like to offer.

Event 3: Invite UNT PANTS (Printmaking Association of North Texas Students) to Host a Workshop

- I will be in communication with PANTS to see if they would be interested and what workshops they would be willing to offer.
- This allows students to engage with a great organization on campus.
- Cost: We would need to book a room and coordinate materials with PANTS.

Event 4: Bring Your Own Craft Night

- This event allows students to just hang out with each other and work on their own individual projects together. Sometimes you just need a dedicated time to work on a creative project!
- Small crafts like coloring pages can be offered for students that don't have something to bring, but the focus is on this being more of a communal space than a dedicated program. This can also be done after we have hosted other events so if there are leftover materials, they can be offered.
- Cost: We will need to book a room. This also might be a good event to offer some light refreshments.

I also have an assortment of other craft ideas that can be used for Events 2 or 4, or in place of Event 3 if that falls through. All of these crafts should be quite inexpensive, though I am not sure where the budget lies.

- Felt banners
- Diamond painting/bedazzling - sunglasses, straws, hairbrushes, claw clips, frames, etc.
- Friendship bracelets
- Follow-along painting ex. Bob Ross
- Calligraphy lesson
- Painting plates
- Create a rubber stamp/block print
- Beading – bracelets, keychains, curtains, shoe charms, etc.
- Coloring pages
- Metal embossing
- Clay magnets
